SEBoK v. 1.4 Released

SEBoK 1.4 is now available

www.sebokwiki.org

I am pleased to announce that the Editorial Board has released the Guide to the Systems Engineering Body of Knowledge (SEBoK) version 1.4, the 13th iteration of the SEBoK, at www.sebokwiki.org.

SEBoK Version 1.4. has seen updates in the areas System Architecture, Life-Cycle processes, System of Systems, Competencies, Ethics and MBSE, as well as three new case studies. The SEBoK has also been updated to reflect the changes in the recently released ISO/IEC/IEEE 15288:2015 standard

For a in-depth look at the specific edits throughout the SEBoK, please visit the [Acknowledgements and Release History](#) page.
